

WANT TO TAKE SERVICE-LEARNING (SL) I-II-III (HS 290-390-490) SPRING OR SUMMER 2016?

If “yes”, you are required to apply for the class,
be approved, and have insurance certification ---
before enrollment.

HS 290/390/490 Service-Learning (SL) I-II-III are three key Capstone courses for Human Services majors. They have special and important prerequisites. **Applications for Spring and Summer 2016 are being accepted now.** The HS Dept. will review these applications during October/early November to determine who will be approved for registration. Then, steps will be taken to get insurance coverage (certificate is required **before** enrollment), and set up placement sites with cooperating agencies/supervisors.

SL is a valuable and exciting addition to your academic studies, plus is required to complete the AA and BA degrees.

Visit with your faculty Advisor or SL faculty (S. Klein for the Spring '16 session) about the application process.

Applications are available in print form in MP#129 on the classroom shelf. Make sure your application is fully and correctly completed. Make an appointment and give it to: Sheryl Klein, Service-Learning Faculty. (posted + emailed to all SGU student accounts 9-14-15 & again on 9-29-15)
