INDEPENDENT AUDITORS' REPORT

Board of Regents Sinte Gleska University Mission, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Sinte Gleska University (the "University"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Sinte Gleska University Independent Auditors' Report

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Sinte Gleska University as of September 30, 2015, and the respective changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Sinte Gleska University has omitted a management discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements or to the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2016 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Change in net position of Governmental Activities		\$_	624,922

Notes to the Financial Statements

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 1 - Nature of Operations and Significant Accounting Policies

A. <u>Nature of Operations</u>

The financial statements for the Sinte Gleska University (the "University") for the fiscal year ended September 30, 2015, have been prepared in accordance with accounting principles generally accepted in the United States of America.

Organization

The University is a not-for-profit organization located in Mission, South Dakota. Contributions to the University qualify for the charitable contributions deduction to the extent provided by Section 170 of the Internal Revenue Code.

The University was formed for the following purposes:

- i) To create and establish within the framework of the Rosebud Sioux Tribal Government, an institution for post-secondary and higher education.
- ii) To operate exclusively for non-profit purposes and that no part of the income or assets of the organization shall be distributed to or for the benefit of any individual; and
- iii) The organization shall be for educational, cultural, and humanitarian purposes only.

B. <u>Significant Accounting Policies</u>

Reporting Entity

Generally accepted accounting principles require that the reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in Government Accounting Standards Board Statement No. 14 have been considered and there are no agencies or entities which should be presented with the University.

Basis of Presentation

Basic Financial Statements

The basic financial statements of the University include the university-wide and the fund financial statements. In the reporting model under GASB 35, the focus is on the University as a whole in the university-wide financial statements, while reporting additional and detailed information about the University's major Governmental Activities in fund financial statements.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 1 - Nature of Business and Summary of Significant Accounting Policies - Continued

B. Significant Accounting Policies - Continued

Basis of Presentation - Continued

University-Wide Financial Statements

The University-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the University gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, entitlements and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which eligibility requirements have been satisfied.

These statements include the financial activities of the overall University. Eliminations have been made to minimize the double counting of internal activities.

The statements of activities presents a comparison between direct expenses and program revenues for each function of the University's Governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been eliminated for the statement of activities. Program revenues include program fees for services and grants and contributions restricted to a particular program. Revenues that are not classified as program revenues are presented as general revenues. When both restricted and unrestricted resources are available for use, it is the University's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Financial Statements

The fund financial statements provide information about the University's funds. The emphasis of fund financial statements is on major governmental funds, each is displayed in a separate column. All the remaining governmental funds are aggregated and reported in a single column as nonmajor funds.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The modified accrual basis of accounting is used in all government type funds. Under the modified accrual basis of accounting, revenue is recognized when susceptible to accrual (when it is both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A one year availability period is used for revenue recognition for all governmental fund revenue. Expenditures are recorded when the related fund liability is incurred.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 1 - Nature of Business and Summary of Significant Accounting Policies - Continued

B. Significant Accounting Policies - Continued

Basis of Presentation - Continued

The University reports the following major governmental funds:

General Fund - The general fund is the University's primary operating fund. It accounts for all governmental financial resources, except those required to be accounted for in another fund.

PELL - The Pell fund accounts for the receipts and disbursements of Pell grant funds.

Permanent Endowment - The permanent endowment fund is used for donations that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the University's programs.

<u>Cash</u>

Cash includes all readily available sources of cash such as cash on hand and cash on deposit with financial institutions.

Investments

Investments are recorded at fair value. Fair value is determined by the reported market value of securities and mutual funds trading on national exchanges. The University does not have a formally adopted investment policy.

Accounts Receivable

Accounts receivable includes normal business receivables and consists primarily of amounts due from students for tuition. The allowance for doubtful account adjusts for those accounts the University deems uncollectible. As of September 30, 2015 the University has accrued an allowance of \$6,835,953.

Inventory

Inventories are stated at the lower of cost or market. Cost is determined using the weighted average cost method. Inventory consists of bookstore textbooks, convenience items, and educational materials available for sale.

Prepaids

The cost of governmental fund type insurance and other prepaids are recorded on the consumption method rather than when purchased.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 1 - Nature of Business and Summary of Significant Accounting Policies - Continued

B. Significant Accounting Policies - Continued

Due From Other Governments

Due from other governments consists of amounts due for reimbursement of approved expenditures on grants and contracts entered into with various governmental agencies. Receivables of this nature are not collateralized and are considered fully collectible. Amounts received from the federal government for grants and contracts are recognized as revenue when they are expended or obligated. Unspent or unobligated funds must generally be returned to the funding agency and therefore are not recognized as revenue. Expenditures are recorded when the related fund liability is incurred.

Interfund Receivables/Payables

During the course of operations, activity occurs between individual funds for goods provided or services rendered. These receivables and payables are classified as interfund receivables/payables in the fund financial statements, and are eliminated in the government-wide Statement of Net Position. Activity that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the fund that is reimbursed. All other interfund activity is reported as transfers.

Capital Assets and Depreciation

Capital assets are stated at cost. Maintenance and repair costs are charged to expense as incurred. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital assets accounts) and estimated useful lives of capital assets are as follows:

	Capitalization	
Asset Category	Threshold	Years
Land Improvements	\$5,000	20
Buildings	5,000	40
Building Improvements	5,000	10
Equipment	5,000	5-15
Vehicles	5,000	5
Infrastructure	5,000	20
Intangible Licenses	5,000	Varies

GASB Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries, requires an evaluation of prominent events or changes in circumstances to determine whether an impairment loss should be recorded and whether any insurance recoveries should be offset against the impairment loss. There were no impairment losses for the year ended September 30, 2015.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 1 - Nature of Business and Summary of Significant Accounting Policies - Continued

B. Significant Accounting Policies - Continued

Compensated Absences

The Sinte Gleska University accrues the cost of unpaid vacation. Accrued sick leave is not recorded, as the University has no legal obligation to pay such benefits upon termination. Accrued liabilities include \$84,693 of accrued vacation at September 30, 2015.

Advances From Grantors

Advances from grantors arise when potential revenue is received by the government before it has a legal claim to them. Due to grantors also arise when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when the revenue recognition criteria is met, or when the government has a legal claim to the resources, the liabilities for advances from grantors is removed from the combined balance sheet and the revenue is recognized.

Fund Equity

In the University-wide financial statements, equity is classified as net position and displayed in three components:

<u>Net investment in capital assets</u> - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balance of any borrowing that is attributable to the acquisition or improvement of those assets.

<u>Restricted</u> - Consists of net position with constraints placed on the use either by (a) external groups such as creditors, grantors, or laws and regulations of other governments; or (b) law through enabling legislation.

Unrestricted - All net position that does not meet the definitions above.

The fund financial statements have been presented in accordance with the reporting model required by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The intention of the Statement is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

GASB Statement No. 54 provides for two major types of fund balances, nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash, such as inventories, prepaid amounts, and long-term notes receivable, or they are legally or contractually required to remain intact.

In addition to the nonspendable fund balance, GASB Statement No. 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 1 - Nature of Business and Summary of Significant Accounting Policies - Continued

B. Significant Accounting Policies - Continued

Fund Equity - Continued

<u>Restricted</u> - fund balances that are restricted for specific purposes stipulated by external parties, constitutional provisions, or enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

<u>**Committed</u>** - fund balances that can only be used for the specific purposes determined by a formal action of the University's highest level of decision-making authority, the Board of Regents. Commitments may be changed or lifted only by the University taking the same formal action that imposed the constraint originally (for example a resolution or ordinance).</u>

<u>Assigned</u> - fund balances that are intended to be used by the University for specific purposes that are neither restricted nor committed. Assigned amounts also include all residual amounts in governmental funds (except negative amounts) that are not classified as nonspendable, restricted or committed. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service, or permanent fund, are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purposes that is narrower than the general purposes of the University itself.

<u>Unassigned</u> - fund balances of the general fund that are not constrained for any particular purposes. It is also the residual classification for all negative fund balances. In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

Interest Income

Interest earned on cash and investment balances is recorded as revenue when earned.

Federal Awards and Grants

The University has received federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in general expenditure disallowances under the terms of the grants, it is believed that any required reimbursement would not be material.

Federal and State Income Taxes

Sinte Gleska University, as a not-for-profit entity under Section 501(c)(3) of the Internal Revenue Code, is exempt from Federal and State income taxes. As such, no income taxes have been provided for in the accompanying financial statements.

21

SINTE GLESKA UNIVERSITY

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 2 - Cash

At September 30, 2015, cash consisted of the following:

Demand deposits Total cash and cash equivalents

At September 30, 2015, the carrying amount of deposits was \$3,009,045 and the bank balance was \$3,519,093. Of the bank balance, \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC). The remaining bank balance of \$3,269,093 is secured by a custodian bank not in the University's name. The State Treasurer of South Dakota acts as one of a two-member commission which supervises the insuring of all public funds and the securities are pledged in the Treasurer's name.

Note 3 - Investments

As of September 30, 2015, the University had the following investments:

	Fair Value
Cash	\$ 106,456
Money Market Mutual Funds	537,996
Collateralized Mortgage Obligations (CMOs) & Asset Backed Securities	65,332
US Government Agencies	476,616
Open-End Mutual Funds: Government Bonds	1,287,041
Open-End Mutual Funds: Common Stocks	30,904
Corporate Bonds	130,633
Negotiable Certificates of Deposit	236,991
Common Stock	<u> 18,011</u>
Total investments	\$ <u>2,889,980</u>

Interest Rate Risk

The University does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Interest Rate Risk - Segmented Time Distribution

As of September 30, 2015, the University had the following investment maturities:

			Investment Maturities (in Years)						
	_	Fair Value	Less than 1		1 - 5	6	- 10	Mo	re than 10
CMO & Asset Backed Securities	\$	65,332	\$	\$		\$		\$	65,332

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note Note 3 - Investments - Continued

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University has no investment policy that would limit its investment choices.

As of September 30, 2015, the University held the following investments with related credit risks:

		Ra	ting
	Fair Value	S&P	Moody's
Money Market Mutual Funds:			
Charles Schwab Advisor Cash Reserves	\$ 537,996	6 A-	Baa2
US Government Agencies:			
Federal Home Loan Mortgage Corporation	383,835	6 AA+/A-1+	Aaa/P-1
Federal National Mortgage Association	92,781	AA+/A-1+	Aaa/P-1
CMO & Asset Backed Securities:			
CWALT, Inc. 2005-86CB	16,899	D	Caa3
JP Morgan Mtg Tr 2005-S3, 2006-S2	16,255	D	Caa2
Morgan Stanley Mtg Ln Tr 2005-7	11,224	D	Caa3
Morgan Stanley Mtg Ln Tr 2005-10	20,954	D	Caa3
Government Bond Funds:			
American Century Ginnie Mae Fund Investor	346,511	AA+/A-1+	Aaa/P-1
American Century Ginnie Mae Fund Institutional	940,530) AA+/A-1+	Aaa/P-1
Corporate Bonds:			
Morgan Stanley	81,695	A-	A3
Wachovia Capital Trust III	48,938	BBB	Baa2

Custodial Credit Risk - Investments

For an investment, custodial credit risk is the risk that, in the event of a failure of a counterparty (the party that pledges collateral or repurchase agreement securities to the University or that sells investments to or buys them for the University), the University will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The University currently does not have an investment policy for custodial credit risk. As of September 30, 2015, all of the University's investments are exposed to custodial credit risk as applicable by investment type.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The University places no limit on the amount it may invest in any one issuer. Five percent (5%) or more of the University's total investments are concentrated in the following issuers:

Issuer Organization	Percentage
FHLMC	13%

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 4 - Due From Other Governments

The following amounts are due from the respective funding agencies at September 30, 2015 for grant/contract program reimbursements:

U.S. Department	
Agriculture	\$ 458,160
Health and Human Services	40,240
Energy	14,561
National Science Foundation	38,342
Labor	56,348
Education	175,532
National Aeronautics and Space Administration	16,846
Corporation for National and Community Service	10,284
State of South Dakota and Other Funding	 7,716
Total due from other governments	\$ 818,029

Note 5 - Interfund Activity

Amounts due from and due to other funds as of September 30, 2015 are as follows:

				Due to:			
			Gov	ernmental			
			Pe	rmanent	Go	Other overnmental	
<u>Due from:</u>	PI	ELL	Enc	lowment		Funds	 Total
General fund	\$	62	\$	3,512	\$	268,574	\$ 272,148
Other governmental funds	-					813,872	813,872
	\$	62	\$	3,512	\$	1,082,446	\$ 1,086,020

Interfund balances represent non-interest bearing amounts owed to or from programs for administrative services rendered and for payments made on behalf of such entities. Amounts are generally due upon demand.

Notes to the Financial Statements

Intangible - Licenses	-	7,525	28,709	36,234
Total capital assets being		00 054 074		00 500 477
depreciated	3	23,251,371	268,806	23,520,177
Less accumulated depreciation				
Land improvements		(155,431)	(20,717)	· · /
Buildings		(5,784,432)	(567,203)	
Equipment		(1,543,324)	(117,985)	(1,661,309)
Equipment under capital lease		(296,764)	(07.000)	(296,764)
Vehicles		(305,327)	(37,068)	(342,395)
Infrastructure		(176,321)	(45,254)	(221,575)
Intangible - Licenses Total accumulated depreciation	8	(1,043) (8,262,642)	<u>(6,564</u>) (794,791)	<u>(7,607)</u> (9,057,433)
Total accumulated depreciation	-	(0,202,042)	<u>(194,191</u>)	<u>(9,037,433</u>)
Net capital assets being depreciated	-	14,988,729	<u>(525,985</u>)	14,462,744
Capital assets, net	\$_	15,056,780	\$ <u>(433,848</u>)	\$ <u>14,622,932</u>

Depreciation expense for was \$794,791 during the year ended September 30, 2015. All depreciation was charged to the Operation and maintenance of plant function in the Statement of Activities.

Note 7 - Accrued Liabilities

A summary of accrued liabilities at September 30, 2015 is as follows:

Accrued salaries and payroll benefits	\$ 174,924
Accrued compensated absences	84,693
Other accrued liabilities	7,129
Total accrued liabilities	\$ <u>266,746</u>

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 8 - Advances From Grantors

The balances of advances from grantors at September 30, 2015 are as follows:

U.S. Department		
Interior	\$	3,095,402
Agriculture		20,529
National Science Foundation		15,243
Education		62
State of South Dakota and Other Funding	_	916,323
Total advances from grantors	\$_	4,047,559

Note 9 - Contingent Liabilities and Commitments

Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Operating Leases

The University maintains a herd of bison and leases a pasture for grazing. The pasture is leased at a rate of \$21,276 per year under a five year contract that began on April 1, 2013. In addition to cash payment, the lessor also receives two bison from the herd for processing. Subsequent contracts may be negotiated by the University and the lessor.

	Future minimum		
Years Ending September 30,		payments	
2016	\$	21,276	
2017		21,276	
	\$	42,552	

Note 10 - Retirement Plan

The University has established a Simplified Employee Pension Plan for its employees. The University contributes two percent of each participating employees' salary to a self-directed annuity. The University's payroll for employees covered by the plan for the year ended September 30, 2015 was \$4,354,025. The total cost of the contributions for the fiscal year ended September 30, 2015 was \$72,687 from the University. The fund sponsors hold the plan's investments.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 11 - Related Party Transactions

The University has established relationships with two community colleges: Ihanktonwan Community College (ICC) and Lower Brule Community College (LBCC). Contracts with ICC and LBCC allow students of these colleges to pursue degree programs that will lead to a degree/certificate granted by the University. For this reason students of ICC and LBCC are considered students of the University with regards to Tribally Controlled Community College Act (the "Act") funding. The University remits 75% of the funds resulting from the Act, based on student counts, to the respective colleges.

The University remitted the following amounts during the year:

From	То	Purpose	 Amount
Sinte Gleska	Ihanktonwan	TCCC Act funding share	\$ 341,549
Sinte Gleska	Lower Brule	TCCC Act funding share	326,232
			\$ 667,781

As a part of the agreement with ICC and LBCC described above, the University charges an affiliation fee of \$30 per credit hour and a one-time only \$74 records management fee.

The University recognized the following revenues during the year:

From	То	Purpose	A	Amount
ICC & LBCC	Sinte Gleska	Affiliation fees	\$	82,589
ICC & LBCC	Sinte Gleska	Records management fees		17,809

The University currently has no funds classified as Committed.

Notes to the Financial Statements

For The Year Ended September 30, 2015

Note 13 - Economic Dependence

The University receives substantially all of their support from federal agencies and state and local governments. A significant reduction in the level of this support, if this were to occur, may have a significant effect on the University's activities.

Note 14 - Risk Management

The University faces a considerable number of risks of loss, including:

- a) damage to and destruction and loss of property and contents;
- b) environmental damage;
- c) workers' compensation (i.e., employee injuries);
- d) tort actions; and,
- e) errors and omissions.

These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the years.

A variety of methods is used to provide insurance for these risks. Commercial insurance policies, transferring all risks of loss, except for relatively small deductible amounts, are purchased for property and content damage, tort actions, and errors and omissions. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

Given the lack of coverage available, the University has no coverage for potential losses due to environmental damages. The amounts of any potential future losses are unknown.

Notes to Schedule of Expenditures of Federal Awards

For The Year Ended September 30, 2015

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the Sinte Gleska University under programs of the federal government for the year ended September 30, 2015. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the Sinte Gleska University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Sinte Gleska University.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

Note 3 - Subrecipients

Of the federal expenditures presented in the schedule, the University provided federal awards to subrecipients as follows:

		Amou	nt Provided to
CFDA Number	Program Name	Su	orecipients
15.027	Assistance to Tribally Controlled Universities	\$	667,781

Note 4 - Outstanding Federal Loans

The University has no federal loan obligations as of September 30, 2015.

Note 5 - Endowments

The University has \$1,408,546 of restricted endowment principal that originated from Federal awards as of September 30, 2015. OMB Circular A-133 Section 205(e) states that Federal awards portion are to be considered awards expended in each of the current year, thus this amount is considered expended and is included on the face of the schedule of expenditures of Federal awards. The amounts by award are as follows:

		Noncash Award
CFDA Number	Program Name	Expended
15.028	Tribally Controlled Community College Endowments	\$ <u>1,079,231</u>
84.031T	Higher Education-Institutional Aid	\$245,000
10.222	Tribal Colleges Endowment Program	\$84,315

Notes to Schedule of Expenditures of Federal Awards

For The Year Ended September 30, 2015

Note 6 - Reconciliation of Expenditures

The following is a reconciliation of the expenditures reported on the University's schedule of expenditures of federal awards to federal grant expenditures reported in the University's statement of revenues, expenditures and changes in fund balance.

Expenditures on schedule of expenditures of federal awards	\$ 13,604,076
Expenditures funded by state and other funding sources	315,924
Noncash endowment awards	(1,408,546)
Expenditures funded by all other sources	2,078,586
Expenditures per financial statements	\$ <u>14,590,040</u>

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT

Board of Regents Sinte Gleska University Mission, South Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Sinte Gleska University (the "University"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise Sinte Gleska University's basic financial statements, and have issued our report thereon dated June 10, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Sinte Gleska University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses and significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a material weakness and a deficiency that we consider to be a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2015-001 to be a material weakness.

A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2015-002 to be a significant deficiency.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

University's Response to Finding

Sinte Gleska University's response to the findings identified in our audit is described in the accompanying corrective action plan. We did not audit Sinte Gleska University's response and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

JOSEPH EVE Certified Public Accountants

Great Falls, Montana June 10, 2016

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

INDEPENDENT AUDITORS' REPORT

Board of Regents Sinte Gleska University Mission, South Dakota

Report on Compliance for Each Major Federal Program

We have audited Sinte Gleska University's (the "University") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on its major federal programs for the year ended September 30, 2015. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for an opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

Sinte Gleska University **Report on Compliance for Each Major Federal Program** and on Internal Control over **Compliance Required by OMB Circular A-133** Page 2

Report on Internal Control over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying schedule of findings and guestioned costs as items 2015-003 and 2015-004.

Sinte Gleska University's responses to the internal control over compliance findings identified in our audit are described in the accompanying corrective action plan. Sinte Gleska University's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

_____ Yes <u>X__</u> No

Schedule of Findings and Questioned Costs

Year Ended September 30, 2015

2. Audit Findings in Relation to Financial Statements

2015-001 Cash Management

Criteria or Specific Requirement: There should be sufficient cash balances on hand to cover all advances associated with the University's grant programs.

Condition: The University's general fund has a negative unassigned fund balance of \$686,314. The University is funding this deficit through a combination of accounts payable/accrued liabilities and advances from grantors. As of September 30, 2015, the University did not have sufficient cash available to cover its advances balance. Unrestricted cash balances at year end totaled \$3,009,045 while advances from grantors totaled \$4,047,558. This difference of \$1,038,513 is a \$298,435 improvement from September 30, 2014.

Context: We reviewed the University's overall financial position, its changes in financial position for the year, and its available cash balances at year end.

Effect: In previous years, the University did not fund general fund expenses strictly using general fund cash. Because the University maintains centralized cash accounts, it cannot definitively determine how much of the deficiency is funded with monies from other funding sources or accounts payable/accrued liabilities.

Cause: Over the past several years, the University's General Fund has accumulated a large negative fund balance. Additionally, the University has accrued \$818,029 of undrawn grant funds as of September 30, 2015.

Auditors' Recommendations: As noted previously, the University reduced this deficit by \$298,435 during the fiscal year ended September 30, 2015. We recommend the University continue this trend going forward.

Schedule of Findings and Questioned Costs

Year Ended September 30, 2015

2. <u>Audit Findings in Relation to Financial Statements - Continued</u>

2015-002 Bookstore Inventory

Criteria or Specific Requirement: Costs associated with goods available for sale that are on hand should be reflected in inventory. Purchases of goods for resale increases inventory, while sales of goods and shrinkage reduce inventory. Periodic physical counts of items on hand should be compared to expected numbers, and significant variances be investigated. Old or obsolete items should be be removed from inventory. Actual profit margins should be compared to budgeted profit margins to ensure fiscal accountability and to protect the University's assets.

Condition: We noted that inventory balances remained unchanged from the prior fiscal year. Purchases of \$407,973 were charged directly to cost of goods sold. A physical inventory conducted by the bookstore staff indicated that there were 1,077 unique items. The physical count sheets contained expected quantity numbers of these items, of which we noted that 195 items had variances of more than five. Additionally, 44 of the expected quantity numbers were negative. We also compared the calculated average weighted cost of the top ten most valuable items to market prices online. We found that three of these were recorded above market prices, four were recorded with approximately 10-20% margins, and three were recorded with approximately 30% margins.

Context: We reviewed the physical inventory count sheet, performed walkthroughs of the University's bookstore, analyzed purchases, compared weighted average costs to market prices, and made inquiries with employees.

Effect: The University's assets may be subject to higher risk of loss. The bookstore could be holding inventory that is obsolete, overstocking on useless books, or be under stocked on items that students are wanting to purchase.

Cause: The bookstore's major financial functions are performed independent of the University's centralized business office. It is not subject to the same oversight as other functions of operations. The University does not have a bookstore-specific policies and procedures to govern its operations, and turnover of bookstore employees makes consistent operations difficult to achieve.

Auditors' Recommendations: The University should implement policies and procedures to ensure that its assets are being protected. Inventory control procedures should be implemented to ensure that shrinkage and obsolete items are identified and addressed in a timely manner. This will also aid in setting appropriate pricing and reducing unnecessary purchases. Management should review financial reports and compare those to planned profit margins, levels of inventory, and other metrics as deemed necessary. Management should consider having their auditor observe the year end physical inventory, although not necessarily required by applicable standards, which may aid in the correction of some identified weaknesses.

Schedule of Findings and Questioned Costs

Year Ended September 30, 2015

3. Audit Findings and Questioned Costs in Relation to Federal Awards

2015-003 Cash Management

Federal program information:

Funding agency:	U.S. Department of the Interior
Title:	Assistance to Tribally Controlled Community Colleges;
	Indian Education_Higher Education Grant Program
CFDA number:	15.027, 15.114
Award year and number:	2015 A14AP00040-0001; 2015 A15AV00260

Criteria or Specific Requirement: There should be sufficient cash balances on hand to cover all advances associated with the University's federal programs.

Condition: The University's September 30, 2015 unrestricted pooled cash balance of \$3,009,045 was not sufficient to cover the total of the following:

- Advances related to Assistance to Tribally Controlled Community Colleges and Universities in the amount of \$2,965,051.
- Advances related to Indian Education_Higher Education Grant Program in the amount of \$129,772.

Context: We reviewed the trial balance for each program/fund and also reviewed the University's overall centralized cash in bank balances.

Questioned Costs: None. We noted no instances of noncompliance and do not consider this to be a misuse of federal funds.

Effect: The University is utilizing advanced funds in order to meet short-term cash needs, which may be exaggerated due to the timing of the University's fiscal year end, in order to fund other programs that may be on a reimbursement basis.

Cause: As noted above, this problem may be exaggerated due to the timing of the University's fiscal year end. The University's general fund accumulated a large deficit in prior years. This deficit has been reduced in both of the last two fiscal years.

Auditors' Recommendations: We recommend that management continue to monitor its cash balances and draw down grantor reimbursements in a timely manner. Also, the University could consider utilizing a short-term loan so as to not borrow advanced funding dollars to pay general fund expenditures.

Schedule of Findings and Questioned Costs

Year Ended September 30, 2015

3. <u>Audit Findings and Questioned Costs in Relation to Federal Awards - Continued</u>

2015-004 <u>Subrecipient Monitoring</u>

Federal program information:

Funding agency: U.S. Department of the Interior Title: Assistance to Tribally Controlled Community Colleges CFDA number: 15.027 Award year and number: 2015 A14AP00040-0001

Criteria or Specific Requirement: OMB Circular A-133, Subpart D, § 400 (d). Pass-through entity responsibilities. A pass-through entity shall perform the following for the Federal awards it makes:

- (1) Identify Federal awards made by informing each subrecipient of CFDA title and number, award name and number, award year, if the award is R&D, and name of the Federal agency. When some of this information is not available, the passthrough entity shall provide the best information available to describe the Federal award.
- (2) Advise subrecipients of requirements imposed on them by Federal laws, regulations, and the provisions of contracts or grant agreements as well as any supplemental requirements imposed by the pass-through entity.
- (3) Monitor the activities of subrecipients as necessary to ensure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.
- (4) Ensure that subrecipients expending \$500,000 or more in Federal awards during the subrecipient's fiscal year have met the audit requirements of this part for that fiscal year.

Condition: We noted that the University passed through \$341,549 to Ihanktonwan Community College and \$326,232 to Lower Brule Community College under this Federal award during the fiscal year. Contracts between the University and each of the respective colleges do not identify the CFDA award title and number, award name, advise the subrecipient of requirements imposed on them by Federal laws and regulations. Additionally, we noted that the University does not monitor its subrecipients to ensure that Federal awards are used for authorized purposes or that, if required, they have met the audit requirements of OMB Circular A-133 (or 2 CFR Part 200, Subpart F, as applicable).

Context: We reviewed the contracts between the University and each subrecipient. We also made inquiries with the University's program director and management. We did not review any expenditures of the subrecipients.

Questioned Costs: None.

Effect: The University is out of compliance with OMB Circular A-133.

Schedule of Findings and Questioned Costs

Year Ended September 30, 2015

3. Audit Findings and Questioned Costs in Relation to Federal Awards - Continued

2015-004 Subrecipient Monitoring - Continued

Cause: This award is the only one that the University passes through. Although the University appears to diligently monitor these subrecipients in terms of instruction for accreditation purposes, the monitoring of expenditures has been overlooked.

Auditors' Recommendations: The University should examine the existing and future contracts with subrecipients to ensure that the required information is communicated appropriately. In addition, the University should develop policies and procedures to monitor their subrecipients and adhere to those policies as well as UG 200.331 d-h..

Corrective Action Plan

2015-001 Cash Management

Auditee Response:

Sinte Gleska University acknowledges this finding and have implemented the proper cash management procedures to remedy this finding in the future. We continue to strive to strengthen our financial management procedures and see this as an opportunity to improve our processes. We are located in an area that presents limited human resources available for key finance positions and continue to look for a qualified Chief Financial Officer to lead our finance staff. With more timely drawdowns we believe this finding will be resolved.

2015-002 Bookstore Inventory

Auditee Response:

Sinte Gleska University acknowledges this finding and have implemented the proper procedures to resolve this finding. We continue to strive to strengthen our financial management procedures and see this as an opportunity to improve our processes. We continue to experience high turnover in this department and have hired a new manager recently and hope this helps create stability within the bookstore. We will also work on creating a set of policies and procedures for this department.

2015-003 Cash Management

Auditee Response:

Sinte Gleska University acknowledges this finding and have implemented the proper cash management procedures to remedy this finding in the future. We continue to strive to strengthen our financial management procedures and see this as an opportunity to improve our processes. We are located in an area that presents limited human resources available for key finance positions and continue to look for a qualified Chief Financial Officer to lead our finance staff. With more timely drawdowns we believe this finding will be resolved.

2015-004 Sub-recipient Monitoring

Auditee Response:

Sinte Gleska University acknowledges this finding and have implemented the proper monitoring policies for our pass-thru recipients. Included in this new policy is an addendum to the 2016 contracts with information detailing the CFDA #, award name, and explaining OMB Circular A-133, Subpart D, 400 (d). We also have asked for an application, budget, and financial statements as they relate to funds provided. We believe this will eliminate this finding in the future.

Summary Schedule of Prior Audit Findings

For The Year Ended September 30, 2015

The following summarizes the prior audit findings and the corrective action taken:

Finding 2014-001	Reconciliation and Account Analysis Functions - Implemented
Finding 2014-002	Cash Management - Not Implemented
	See page 44 for corrective action planned.
Finding 2014-003	Accounts Receivable-Subsidiary Ledgers and Collectibility - Implemented
Finding 2014-004	Travel Advances - Implemented
Finding 2014-005	Payroll Advances - Implemented
Finding 2014-006	Bookstore Inventory - Not Implemented
	See page 44 for corrective action planned.
Finding 2014-007	Reconciliation and Account Analysis Functions (All Major Programs) - Implemented
Finding 2014-008	Cash Management - Not Implemented
	See page 44 for corrective action planned.
