Agenda

June 28, 2022

11:00 AM

Members Present: Shannon DuBray, Cheryl Medearis, Cheryl Whirlwind Soldier, Ted Hamilton, Debra Bordeaux

Outcomes:

Members will:

- Revisit the role of the committee – Ted did a Gantt chart mapping out tasks and data tracking which needs to be documented and monitored for future grant needs. Also, need to set up a system for a grant process from initial application to the monitoring of projects once approved from meeting with project directors to forecasting future projects.
- Add/increase data to address grants we receive – We need to monitor the progress of the grants by meeting with project directors every 6 months. Need to prospect future grants based on SGU's strategic plan and use data to justify the need of a particular project.

⇒ Discussion was held to see if we want to use TCC money to invest in these projects and can we sustain the project.

⇒ Need to change the name of the committee due to its restructure.

⇒ Need to monitor ourselves in meetings to ensure we have our best interests in mind.

⇒ Need to set up a meeting and invite the grants monitors.
